**ONE LIBERTY PROPERTIES, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)**  
**MARCH 31, 2024**

**NOTE 1 – ORGANIZATION AND BACKGROUND**

One Liberty Properties, Inc. (“OLP”) was incorporated in 1982 in Maryland. OLP is a self-administered and self-managed real estate investment trust (“REIT”). OLP acquires, owns and manages a geographically diversified portfolio consisting primarily of industrial and, to a lesser extent, retail properties, many of which are subject to long-term net leases. As of March 31, 2024, OLP owns 110 properties, including three properties owned by consolidated joint ventures and two properties owned by unconsolidated joint ventures. The 110 properties are located in 31 states.

**NOTE 2 – SUMMARY ACCOUNTING POLICIES**

*Principles of Consolidation/Basis of Preparation*

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and include all of the information and disclosures required by U.S. Generally Accepted Accounting Principles (“GAAP”) for interim reporting. Accordingly, they do not include all of the disclosures required by GAAP for complete financial statement disclosures. In the opinion of management, all adjustments of a normal recurring nature necessary for fair presentation have been included. The results of operations for the three months ended March 31, 2024 and 2023 are not necessarily indicative of the results for the full year. These statements should be read in conjunction with the consolidated financial statements and related notes included in OLP’s Annual Report on Form 10-K for the year ended December 31, 2023.

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The consolidated financial statements include the accounts and operations of OLP, its wholly-owned subsidiaries, its joint ventures in which the Company, as defined, has a controlling interest, and variable interest entities (“VIEs”) of which the Company is the primary beneficiary. OLP and its consolidated subsidiaries are referred to herein as the “Company”. Material intercompany items and transactions have been eliminated in consolidation.

*Purchase Accounting for Acquisition of Real Estate*

In acquiring real estate, the Company evaluates whether substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or a group of similar identifiable assets, and if that requirement is met, the asset group is accounted for as an asset acquisition and not a business combination. Transaction costs incurred with such asset acquisitions are capitalized to real estate assets and depreciated over the respectful useful lives.

The Company allocates the purchase price of real estate, including direct transaction costs applicable to an asset acquisition, among land, building, improvements and intangibles (e.g., the value of above, below and at-market leases, and origination costs associated with in-place leases and above or below-market mortgages assumed at the acquisition date). The value, as determined, is allocated to the gross assets acquired based on management’s determination of the relative fair values of these assets and liabilities.

The Company assesses the fair value of the gross assets acquired based on available market information which utilize estimated cash flow projections; such inputs are categorized as Level 3 inputs in the fair value hierarchy. In determining fair value, factors considered by management include an evaluation of current market demand, market capitalization rates and discount rates, estimates of carrying costs (e.g., real estate taxes, insurance, and other operating expenses), and lost rental revenue during the expected lease-up periods. Management also estimates costs to execute similar leases, including leasing commissions and tenant improvements.

**NOTE 2 – SUMMARY ACCOUNTING POLICIES (CONTINUED)**

***Investment in Joint Ventures and Variable Interest Entities***

The Financial Accounting Standards Board, or FASB, provides guidance for determining whether an entity is a VIE. VIEs are defined as entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support. A VIE is required to be consolidated by its primary beneficiary, which is the party that (i) has the power to control the activities that most significantly impact the VIE's economic performance and (ii) has the obligation to absorb losses, or the right to receive benefits, of the VIE that could potentially be significant to the VIE.

The Company assesses the accounting treatment for each of its investments, including a review of each venture or limited liability company or partnership agreement, to determine the rights of each party and whether those rights are protective or participating. The agreements typically contain certain protective rights, such as the requirement of partner approval to sell, finance or refinance the property and to pay capital expenditures and operating expenditures outside of the approved budget or operating plan. In situations where, among other things, the Company and its partners jointly (i) approve the annual budget, (ii) approve certain expenditures, (iii) prepare or review and approve the joint venture's tax return before filing, or (iv) approve each lease at a property, the Company does not consolidate as the Company considers these to be substantive participation rights that result in shared, joint power over the activities that most significantly impact the performance of the joint venture or property. Additionally, the Company assesses the accounting treatment for any interests pursuant to which the Company may have a variable interest as a lessor. Leases may contain certain protective rights, such as the right of sale and the receipt of certain escrow deposits.

The Company accounts for its investments in unconsolidated joint ventures under the equity method of accounting. All investments in unconsolidated joint ventures have sufficient equity at risk to permit the entity to finance its activities without additional subordinated financial support and, as a group, the holders of the equity at risk have power through voting rights to direct the activities of these ventures. As a result, none of these joint ventures are VIEs. In addition, the Company shares power with its co-managing members over these entities, and therefore the entities are not consolidated. These investments are recorded initially at cost, as investments in unconsolidated joint ventures, and subsequently adjusted for their share of equity in earnings, cash contributions and distributions. None of the joint venture debt is recourse to the Company, subject to standard carve-outs.

The Company reviews on a quarterly basis its investments in unconsolidated joint ventures for other-than-temporary losses in investment value. Any decline that is not expected to be recovered based on the underlying assets of the investment is considered other than temporary and an impairment charge is recorded as a reduction in the carrying value of the investment. During the three months ended March 31, 2024 and 2023, there were no such other-than-temporary impairment charges related to the Company's investments in unconsolidated joint ventures.

The Company has elected to follow the cumulative earnings approach when assessing, for the consolidated statement of cash flows, whether the distribution from the investee is a return of the investor's investment as compared to a return on its investment. The source of the cash generated by the investee to fund the distribution is not a factor in the analysis (that is, it does not matter whether the cash was generated through investee refinancing, sale of assets or operating results). Consequently, the investor only considers the relationship between the cash received from the investee to its equity in the undistributed earnings of the investee, on a cumulative basis, in assessing whether the distribution from the investee is a return on or a return of its investment. Cash received from the unconsolidated entity is presumed to be a return on the investment to the extent that, on a cumulative basis, distributions received by the investor are less than its share of the equity in the undistributed earnings of the entity.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)**  
**MARCH 31, 2024 (CONTINUED)**

**NOTE 3 – LEASES**

***Lessor Accounting***

The Company owns rental properties which are leased to tenants under operating leases with current expirations ranging from 2024 to 2055, with options to extend or terminate the lease. Revenues from such leases are reported as Rental income, net, and are comprised of (i) lease components, which includes fixed and variable lease payments and (ii) non-lease components which includes reimbursements of property level operating expenses. The Company does not separate non-lease components from the related lease components, as the timing and pattern of transfer are the same, and account for the combined component in accordance with ASC 842.

Fixed lease revenues represent the base rent that each tenant is required to pay in accordance with the terms of its respective leases, and any lease incentives paid or payable to the lessee, reported on a straight-line basis over the non-cancelable term of the lease. Variable lease revenues typically include payments based on (i) tenant reimbursements, (ii) changes in the index or market-based indices after the inception of the lease, (iii) percentage rents and (iv) the operating performance of the property. Variable lease revenues are not recognized until the specific events that trigger the variable payments have occurred.

The components of lease revenues are as follows (amounts in thousands):

	<b>Three Months Ended</b>	
	<b>March 31,</b>	
	<b>2024</b>	<b>2023</b>
Fixed lease revenues	\$ 18,272	\$ 19,358
Variable lease revenues	3,796	3,370
<b>Lease revenues (a)</b>	<b>\$ 22,068</b>	<b>\$ 22,728</b>

(a) Excludes \$378 and \$224 of amortization related to lease intangible assets and liabilities for the three months ended March 31, 2024 and 2023, respectively.

In many of the Company's leases, the tenant is obligated to pay the real estate taxes, insurance, and certain other expenses directly to the vendor. These obligations, which have been assumed by the tenants, are not reflected in the Company's consolidated financial statements. To the extent any such tenant defaults on its lease or if it is deemed probable that the tenant will fail to pay for such obligations, a liability for such obligations would be recorded.

On a quarterly basis, the Company assesses the collectability of substantially all lease payments due by reviewing the tenant's payment history or financial condition. Changes to collectability are recognized as a current period adjustment to rental revenue. As of March 31, 2024, the Company has assessed the collectability of all recorded lease revenues as probable.

***Minimum Future Rents***

As of March 31, 2024, the minimum future contractual rents to be received on non-cancellable operating leases are included in the table below (amounts in thousands). The minimum future contractual rents do not include (i) straight-line rent or amortization of lease intangibles or incentives and (ii) variable lease payments as described above.

***Lessee Accounting***

*Ground Lease*

The Company is a lessee under a ground lease in Greensboro, North Carolina, which is classified as an operating lease. The ground lease expires March 3, 2025 and provides for up to four, five-year renewal options and one seven-month renewal option. As of March 31, 2024, the remaining lease term, including a five-year renewal option deemed exercised, is 5.9 years. The Company recognized lease expense related to this ground lease of \$122,000 and \$150,000 for the three months ended March 31, 2024 and 2023, respectively, which is included in Real estate expenses on the consolidated statements of income.

*Office Lease*

The Company is a lessee under a corporate office lease in Great Neck, New York, which is classified as an operating lease. The lease expires on December 31, 2031 and provides for a five-year renewal option. As of March 31, 2024, the remaining lease term, including the renewal option deemed exercised, is 12.8 years. The Company recognized lease expense related to this office lease of \$14,000 in each of the three months ended March 31, 2024 and 2023, respectively, which is included in General and administrative expenses on the consolidated statements of income.

**NOTE 4 – SALES OF PROPERTIES**

On March 6, 2024, a consolidated joint venture, in which the Company holds a 90% interest, sold a restaurant parcel at its multi-tenant shopping center in Lakewood, Colorado for \$2,670,000, net of closing costs. The sale resulted in a gain of \$1,784,000 which was recorded as Gain on sale of real estate, net, in the consolidated statement of income for the three months ended March 31, 2024. In connection with this sale, the joint venture (i) wrote-off \$50,000 of unbilled rent receivable and \$68,000 of other assets as an adjustment to Gain on sale of real estate, net and (ii) paid down \$1,885,000 of the mortgage on this property. The non-controlling interest's share of the gain was \$178,000.

On February 28, 2023, the Company sold a restaurant property located in Hauppauge, New York for \$4,076,000, net of closing costs. The sale resulted in a gain of \$1,534,000 which was recorded as Gain on sale of real estate, net, in the consolidated statement of income for the three months ended March 31, 2023. In connection with the sale, the Company wrote-off \$128,000 of other assets and receivables as an adjustment to Gain on sale of real estate, net.

**Sales subsequent to March 31, 2024**

During the quarter ended March 31, 2024, the Company entered into contracts to sell the following properties (amounts in thousands):

Description of Property	City, State	Held-for-sale Date (a)	Date Sold/ Estimated Sale	Gross Sales Price	Estimated Gain on Sale of Real Estate Net (b)
Applebee's restaurant property	Kennesaw, Georgia	April 5, 2024	May 6, 2024	\$ 2,834	\$ 1,000

Havertys retail property	Wichita, Kansas	April 21, 2024	June 6, 2024	6,600	2,000

(a) The Company has determined the held-for-sale criteria has been met as the buyers' right to terminate the contracts without penalty expired on these dates.

(b) Such gain will be recognized as Gain on sale of real estate, net, in the consolidated statements of income for the three and six months ending June 30, 2024.

(c) In connection with this sale, the Company intends to payoff the mortgage on this property which had a balance of \$4,434 as of March 31, 2024.

**NOTE 5 – VARIABLE INTEREST ENTITIES, CONTINGENT LIABILITY AND CONSOLIDATED JOINT VENTURES**

**Variable Interest Entity – Ground Lease**

The Company determined it has a variable interest through its ground lease at its Beachwood, Ohio property (the Vue Apartments) and the owner/operator is a VIE because its equity investment at risk is insufficient to finance its activities without additional subordinated financial support. The Company further determined that it is not the primary beneficiary of this VIE because the Company does not have power over the activities that most significantly impact the owner/operator's economic performance and therefore, does not consolidate this VIE for financial statement purposes. Accordingly, the Company accounts for this investment as land and the revenues from the ground lease as Rental income, net. The ground lease provides for rent which can be deferred and paid based on the operating performance of the property; therefore, this rent is recognized as rental income when the operating performance is achieved and the rent is received. No ground lease rental income has been collected since October 2020 other than the \$4,642,000 proceeds from a settlement in 2022.

As of March 31, 2024, the VIE's maximum exposure to loss was \$17,276,000 which represented the carrying amount of the land. In purchasing the property in 2016, the owner/operator obtained a \$67,444,000 mortgage from a third party which, together with the Company's purchase of the land, provided substantially all of the funds to acquire the multi-family

property. The Company provided its land as collateral for the owner/operator's mortgage loan; accordingly, the land position is subordinated to the mortgage. The mortgage balance was \$63,247,000 as of March 31, 2024.

Pursuant to the ground lease, as amended in November 2020, the Company agreed, in its discretion, to fund 78% of (i) any operating expense shortfalls at the property and (ii) any capital expenditures required at the property. The Company funded \$932,000 during the year ended December 31, 2023. These amounts are included as part of the carrying amount of the land. No such amounts were funded during the three months ended March 31, 2024.

**Variable Interest Entities – Consolidated Joint Ventures**

The Company has determined the three consolidated joint ventures in which it holds between a 90% to 95% interest are VIEs because the non-controlling interests do not hold substantive kick-out or participating rights. The Company has determined it is the primary beneficiary of these VIEs as it has the power to direct the activities that most significantly impact each joint venture's performance including management, approval of expenditures, and the obligation to absorb the losses or rights to receive benefits. Accordingly, the Company consolidates the operations of these VIEs for financial statement purposes. The VIEs' creditors do not have recourse to the assets of the Company other than those held by the applicable joint venture.

The following is a summary of the consolidated VIEs' carrying amounts and classification in the Company's consolidated balance sheets, none of which are restricted (amounts in thousands):

(a) A consolidated joint venture in Lakewood, Colorado, in which the Company holds a 90% interest, sold a restaurant parcel at its multi-tenant shopping center in March 2024 and paid down the related mortgage by \$1,885 (see Note 4).

As of March 31, 2024 and December 31, 2023, MCB Real Estate, LLC and its affiliates ("MCB") are the Company's joint venture partner in two consolidated joint ventures in which the Company has aggregate equity investments of approximately \$5,242,000 and \$4,448,000, respectively.

Distributions to each joint venture partner are determined pursuant to the applicable operating agreement and, in the event of a sale of, or refinancing of the mortgage encumbering, the property owned by such venture, the distributions to the Company may be less than that implied by the Company's equity ownership interest in the venture.

**NOTE 6 – INVESTMENT IN UNCONSOLIDATED JOINT VENTURES**

As of March 31, 2024 and December 31, 2023, the Company participated in two unconsolidated joint ventures, each of which owns and operates one property; the Company's equity investment in these ventures totaled \$2,104,000 and \$2,051,000, respectively. The Company recorded equity in earnings of \$53,000 and \$85,000 for the three months ended March 31, 2024 and 2023, respectively.

***Line of Credit***

The Company's credit facility with Manufacturers and Traders Trust Company and VNB New York, LLC, provides that it may borrow up to \$100,000,000, subject to borrowing base requirements. The facility is available for the acquisition of commercial real estate, repayment of mortgage debt, and renovation and operating expense purposes; provided, that if used for renovation and operating expense purposes, the amount outstanding for such purposes will not exceed the lesser of \$40,000,000 and 40% of the borrowing base. Net proceeds received from the sale, financing or refinancing of properties are generally required to be used to repay amounts outstanding under the credit facility. The facility is guaranteed by subsidiaries of the Company that own unencumbered properties and the Company is required to pledge to the lenders the equity interests in such subsidiaries.

The facility, which matures December 31, 2026, provides for an interest rate equal to 30-day SOFR plus an applicable margin ranging from 175 basis points to 275 basis points depending on the ratio of the Company's total debt to total value, as determined pursuant to the facility. The applicable margin was 175 basis points at March 31, 2024 and 2023. An unused facility fee of 0.25% per annum applies to the facility. The Company had no balance outstanding on the facility during the three months ended March 31, 2024. The weighted average interest rate on the facility was approximately 6.23% for the three months ended March 31, 2023. The Company was in compliance with all covenants at March 31, 2024.

At each of March 31, 2024 and May 1, 2024, \$100,000,000 was available to be borrowed under the facility, including an aggregate of up to \$40,000,000 available for renovation and operating expense purposes. The interest rate on the facility was 7.06% on May 1, 2024.

At March 31, 2024 and December 31, 2023, the Company had unamortized deferred financing costs of \$503,000 and \$549,000, respectively, which are included in Escrow, deposits and other assets and receivables on the consolidated balance sheets.

***Compensation and Services Agreement***

Pursuant to the compensation and services agreement with Majestic Property Management Corp. (“Majestic”), Majestic provides the Company with certain (i) executive, administrative, legal, accounting, clerical, property management, property acquisition, consulting (*i.e.*, sale, leasing, brokerage, and mortgage financing), and construction supervisory services (collectively, the “Services”) and (ii) facilities and other resources. Majestic is wholly-owned by the Company’s vice- chairman and it provides compensation to several of the Company’s executive officers.

In consideration for the Services, the Company paid Majestic \$826,000 and \$879,000 for the three months ended March 31, 2024 and 2023, respectively. Included in these amounts are fees for property management services of \$357,000 and \$428,000 for the three months ended March 31, 2024 and 2023, respectively. The amounts paid for property management services are based on 1.5% and 2.0% of the rental payments (including tenant reimbursements) actually received by the Company from net lease tenants and operating lease tenants, respectively. The Company does not pay Majestic with respect to properties managed by third parties. The Company also paid Majestic, pursuant to the compensation and services agreement, \$84,000 and \$79,000 for the three months ended March 31, 2024 and 2023, respectively, for the Company’s share of all direct office expenses, including rent, telephone, postage, computer services, internet usage and supplies.

Executive officers and others providing services to the Company under the compensation and services agreement were awarded shares of restricted stock and restricted stock units (“RSUs”) under the Company’s stock incentive plans (described in Note 9). The related expense charged to the Company’s operations was \$614,000 and \$642,000 for the three months ended March 31, 2024 and 2023, respectively.

The amounts paid under the compensation and services agreement (except for the property management services which are included in Real estate expenses) and the costs of the stock incentive plans are included in General and administrative expense on the consolidated statements of income.

***Joint Venture Partners and Affiliates***

The Company paid an aggregate of \$23,000 and \$22,000 for the three months ended March 31, 2024 and 2023, respectively, to its consolidated joint venture partner or their affiliates (none of whom are officers, directors, or employees of the Company) for property management services, which are included in Real estate expenses on the consolidated statements of income.

The Company’s unconsolidated joint ventures paid management fees of \$2,000 and \$27,000 for the three months ended March 31, 2024 and 2023, respectively, to the other partner of the ventures, which reduced Equity in earnings of unconsolidated joint ventures on the consolidated statements of income by \$1,000 and \$13,000 for the three months ended March 31, 2024 and 2023, respectively.

***Other***

During the three months ended March 31, 2024 and 2023, the Company paid quarterly fees of (i) \$81,378 and \$78,250, respectively, to the Company’s chairman and (ii) \$32,551 and \$31,300, respectively, to the Company’s vice-chairman. These fees are included in General and administrative expenses on the consolidated statements of income.

The Company obtains its property insurance in conjunction with Gould Investors L.P. (“Gould Investors”), a related party, and reimburses Gould Investors annually for the Company’s insurance cost relating to its properties. Included in Real estate expenses on the consolidated statements of income is insurance expense of \$277,000 and \$148,000 for the three months ended March 31, 2024 and 2023, respectively, of amounts reimbursed to Gould Investors in prior periods.

***Common Stock Dividend***

On March 4, 2024, the Board of Directors declared a quarterly cash dividend of \$0.45 per share on the Company’s common stock, totaling approximately \$9,564,000, payable to stockholders of record at the close of business on March 27, 2024. The quarterly dividend was paid on April 4, 2024; \$8,101,000 was paid in cash and the balance of such dividend payment was satisfied through the issuance of 67,000 shares under the Company’s dividend reinvestment plan.

***Dividend Reinvestment Plan***

The Company’s Dividend Reinvestment Plan (the “DRP”), among other things, provides stockholders with the opportunity to reinvest all or a portion of their cash dividends paid on the Company’s common stock in additional shares of its common stock, at a discount, determined in the Company’s sole discretion, of up to 5% from the market price (as such price is calculated pursuant to the DRP). The discount is currently being offered at 3%. Under the DRP, the Company issued approximately 66,000 and 49,000 shares of common stock during the three months ended March 31, 2024 and 2023, respectively.

***Stock Repurchase Program***

During 2022 and 2023, the Board of Directors authorized and/or amended repurchase programs pursuant to which the Company could repurchase shares of its common stock in open-market, through privately negotiated transactions or otherwise. No such shares were repurchased during the three months ended March 31, 2024 and 2023.

***Stock Based Compensation***

The Company’s 2022 and 2019 Incentive Plans (collectively, the “Plans”), permit the Company to grant, among other things, stock options, restricted stock, RSUs, performance share awards and dividend equivalent rights and any one or more of the foregoing to its employees, officers, directors and consultants. A maximum of 750,000 shares of the Company’s common stock was authorized for issuance pursuant to each plan at such plan’s inception.

The following details the shares subject to awards that are outstanding under the Plans as of March 31, 2024:

	<b>2022</b>	<b>2019</b>
	Incentive Plan	Incentive Plan (a)
Restricted stock	300,515	426,625
RSUs	168,490	79,622
<b>Totals</b>	<b>469,005</b>	<b>506,247</b>

(a) No additional awards may be granted under such plan.

For accounting purposes, the restricted stock is not included in the shares shown as outstanding on the balance sheet until they vest; however, dividends are paid on the unvested shares. The restricted stock grants are charged to General and administrative expense over the respective vesting periods based on the market value of the common stock on the grant date. Unless earlier forfeited because the participant’s relationship with the Company terminated, unvested restricted stock awards vest five years from the grant date, and under certain circumstances may vest earlier.

Vesting Date (c)(d)	6/30/2026	6/30/2025	6/30/2024

- (a) The shares underlying the RSUs are excluded from the shares shown as outstanding on the balance sheet until they have vested and been issued.
- (b) No shares were granted, vested or forfeited during the three months ended March 31, 2024 and 2023.
- (c) Generally, the recipient must maintain a relationship with the Company during the applicable three-year performance cycle.
- (d) RSUs vest upon satisfaction of metrics related to average annual total stockholder return (“TSR Metric”) and average annual return on capital (“ROC Metric”; together with the TSR Metric, the “Metrics”) and are issued to the extent the Compensation Committee determines that the Metrics with respect to the vesting of such shares have been satisfied.

The specific metrics and other material terms and conditions of the RSUs are as follows:

<u>Year RSU Granted</u>	<u>Metric</u>	<u>Weight</u>	<u>Performance Criteria (a)</u>	
			<u>Minimum</u>	<u>Maximum</u>
<u>2021 - 2023 (b)(c)</u>	ROC Metric (d)	50%	Average annual of at least 6.0%	Average annual of at least 8.75%
	TSR Metric (e)	50%	Average annual of at least 6.0%	Average annual of at least 11.0%

- (a) If the average annual ROC or TSR falls between the applicable minimum and maximum performance criteria, a pro-rata portion of such units, as applicable, vest.
- (b) Such RSUs are not entitled to voting rights.
- (c) The holders of such RSUs receive an amount equal to the dividends that would have been paid on the underlying shares had such shares been outstanding during the three-year performance cycle. As of March 31, 2024 and December 31, 2023, the Company accrued an aggregate of \$528,000 and \$450,000 of dividend equivalents, respectively, for the 2023, 2022 and 2021 RSUs based on the number of shares that would have been issued, underlying such RSUs, using performance and market assumptions determined at such dates.
- (d) The ROC Metrics meet the definition of a performance condition. Fair value is based on the market value on the date of grant. For ROC Awards, the Company does not recognize expense when performance conditions are not expected to be met; such performance assumptions are re-evaluated quarterly.
- (e) The TSR Metrics meet the definition of a market condition. A third-party appraiser prepares a Monte Carlo simulation pricing model to determine the fair value of such awards, which is recognized ratably over the three-year service period.

As of March 31, 2024, based on performance and market assumptions, the fair value of the RSUs granted in 2023, 2022 and 2021 is \$959,000, \$1,419,000 and \$1,822,000, respectively. Recognition of such deferred compensation will be charged to General and administrative expense over the respective three-year performance cycles.

**NOTE 10 – EARNINGS PER COMMON SHARE**

Basic earnings per share was determined by dividing net income allocable to common stockholders for each period by the weighted average number of shares of common stock outstanding during the applicable period. Net income is also allocated to the unvested restricted stock outstanding during each period, as the restricted stock is entitled to receive dividends and is therefore considered a participating security. As of March 31, 2024, the shares of common stock underlying the RSUs (see Note 9) are excluded from the basic earnings per share calculation, as these units are not participating securities until they vest and are issued.

Diluted earnings per share reflects the potential dilution that could occur if securities or other rights exercisable for, or convertible into, common stock were exercised or converted or otherwise resulted in the issuance of common stock that shared in the earnings of the Company.

The following table provides a reconciliation of the numerator and denominator of earnings per share calculations (amounts in thousands, except per share amounts):

- (a) Reflects the number of shares underlying RSUs that would be issued assuming the measurement date used to determine whether the applicable conditions are satisfied is March 31 of the applicable period.
- (b) Excluded as the applicable conditions had not been met for these shares at the applicable measurement dates.
- (c) The RSUs awarded in 2023, 2022 and 2021 vest, subject to satisfaction of the applicable market and/or performance conditions, as of June 30, 2026, 2025 and 2024, respectively (see Note 9).
- (d) Subsequent to March 31, 2023, 2,110 shares of the 2022 award and 1,078 shares of the 2021 award were forfeited due to the retirement of a recipient before the completion of the applicable three-year performance cycle.
- (e) With respect to the RSUs awarded August 3, 2020, 74,988 shares were deemed to have vested and the balance of 38 shares were forfeited in June 2023. The vested shares were issued in August 2023.

**NOTE 11 – FAIR VALUE MEASUREMENTS**

The Company measures the fair value of financial instruments based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participant assumptions. In accordance with the fair value hierarchy, Level 1 assets/liabilities are valued based on quoted prices for identical instruments in active markets, Level 2 assets/liabilities are valued based on quoted prices in active markets for similar instruments, on quoted prices in less active or inactive markets, or on other "observable" market inputs and Level 3 assets/liabilities are valued based significantly on "unobservable" market inputs.

The carrying amounts of cash and cash equivalents, escrow, deposits and other assets and receivables (excluding interest rate swaps), dividends payable, and accrued expenses and other liabilities, are not measured at fair value on a recurring basis but are considered to be recorded at amounts that approximate fair value.

The fair value and carrying amounts of the Company's mortgages payable are as follows (dollars in thousands):

	March 31, 2024	December 31, 2023
Fair value of mortgages payable (a)	\$ 394,661	\$ 397,031
Carrying value of mortgages payable, gross	\$ 420,992	\$ 422,565
Fair value less than the carrying value	\$ (26,331)	\$ (25,534)
Blended market interest rate (a)	6.08 %	5.93 %
Weighted average interest rate	4.41 %	4.31 %
Weighted average remaining term to maturity (years)	6.3	5.9

(a) Estimated using unobservable inputs such as available market information and discounted cash flow analysis based on borrowing rates the Company believes it could obtain with similar terms and maturities. These fair value measurements fall within Level 3 of the fair value hierarchy.

Considerable judgment is necessary to interpret market data and develop estimated fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

***Fair Value on a Recurring Basis***

As of March 31, 2024, the Company had in effect 12 interest rate derivatives, all of which were interest rate swaps, related to 12 outstanding mortgage loans with an aggregate \$28,485,000 notional amount maturing between 2024 and 2026 (weighted average remaining term to maturity of 1.0 years). The Company's objective in using interest rate swaps is to add stability to interest expense. These interest rate swaps, all of which were designated as cash flow hedges, converted SOFR based variable rate mortgages to fixed annual rate mortgages. The interest rates range from 3.22% to 4.34% and a weighted average interest rate of 3.86% at March 31, 2024. The Company does not use derivatives for trading or speculative purposes.

Fair values are approximated using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of the derivatives. This fair value analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities. Although the Company has determined the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the associated credit valuation adjustments use Level 3 inputs, such as estimates of current credit spreads, to evaluate the likelihood of default by the Company and its counterparty. As of March 31, 2024, the Company has assessed and determined the impact of the credit valuation adjustments on the overall valuation of its derivative positions is not significant. As a result, the Company determined its derivative valuation is classified in Level 2 of the fair value hierarchy. The Company does not currently own any financial instruments that are measured on a recurring basis and that are classified as Level 1 or 3.

**NOTE 11 – FAIR VALUE MEASUREMENTS (CONTINUED)**

The fair value of the Company’s derivative financial instruments was determined to be the following (amounts in thousands):

	As of	Carrying and Fair Value	Balance Sheet Classification
<i>Financial assets:</i> Interest rate swaps	March 31, 2024	\$ 755	Other assets
	December 31, 2023	824	Other assets

As of March 31, 2024 and December 31, 2023, there were no derivatives in a liability position.

The following table presents the effect of the Company’s derivative financial instruments on the consolidated statements of income for the periods presented (amounts in thousands):

	Three Months Ended March 31,	
	2024	2023
Amount of gain (loss) recognized on derivatives in other comprehensive income	\$ 183	\$ (121)
Amount of reclassification from Accumulated other comprehensive income into Interest expense	272	288

During the twelve months ending March 31, 2025, the Company estimates an additional \$610,000 will be reclassified from Accumulated other comprehensive income as a decrease to Interest expense.

The derivative agreements in effect at March 31, 2024 provide that if the wholly-owned subsidiary of the Company which is a party to such agreement defaults or is capable of being declared in default on any of its indebtedness, then a default can be declared on such subsidiary’s derivative obligation. In addition, the Company is a party to the derivative agreements and if there is a default by the subsidiary on the loan subject to the derivative agreement to which the Company is a party and if there are swap breakage losses on account of the derivative being terminated early, the Company could be held liable for such swap breakage losses.

**NOTE 12 – REAL ESTATE ACQUISITION**

*Acquisition subsequent to March 31, 2024*

On April 24, 2024, the Company acquired a single-tenant industrial property located in Albuquerque, New Mexico for \$6,450,000. The initial term of the lease expires in 2031.

**NOTE 13 – NEW ACCOUNTING PRONOUNCEMENT**

On January 1, 2024, the Company adopted the FASB ASU No. 2023-07, *Segment Reporting – Improvements to Reportable Segments Disclosures*, which enhances disclosures of significant segment expenses regularly provided to the chief operating decision maker.

Substantially all of the Company’s real estate assets, at acquisition, are comprised of real estate owned that is leased to tenants on a long-term basis. Therefore, the Company aggregates real estate assets for reporting purposes and operates in one reportable segment.

The Company’s Chief Operating Decision Makers (“CODMs”) are its Chief Executive Officer and Chief Operating Officer. As the Company operates in one reportable segment, the CODMs are provided financial reports which include (i) a consolidated income statement (detailing total revenues, operating income and net income) and (ii) Funds from Operations (“FFO”) and Adjusted Funds from Operations (“AFFO”). These financial reports assist the CODMs in assessing the Company’s financial performance and in allocating resources appropriately.

**NOTE 14 – SUBSEQUENT EVENTS**

Subsequent events have been evaluated and except as disclosed herein, there were no other events relative to the consolidated financial statements that require additional disclosure.

### Forward-Looking Statements

This Quarterly Report on Form 10-Q, together with other statements and information publicly disseminated by us, contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We intend such forward-looking statements to be covered by the safe harbor provision for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words "may," "will," "could," "believe," "expect," "intend," "anticipate," "estimate," "project," or similar expressions or variations thereof and include, without limitations, statements regarding our future estimated rental income, funds from operations, adjusted funds from operations and our dividend. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond our control and which could materially affect our results of operations, financial condition, cash flows, performance or achievements.

The uncertainties, risks and factors which may cause actual results to differ materially from current expectations include, but are not limited to:

- the financial failure of, or other default in payment by, tenants under their leases and the potential resulting vacancies;
- adverse changes and disruption in the retail, restaurant, theater and health and fitness sectors, which could impact our tenants' ability to pay rent and expense reimbursement;
- loss or bankruptcy of one or more of our tenants, and bankruptcy laws that may limit our remedies if a tenant becomes bankrupt and rejects its lease;
- the level and volatility of interest rates;
- general economic and business conditions and developments, including those currently affecting or that may affect our economy;
- general and local real estate conditions, including any changes in the value of our real estate;
- our ability to renew or re-lease space as leases expire;
- our ability to pay dividends;
- changes in governmental laws and regulations relating to real estate and related investments;
- compliance with credit facility and mortgage debt covenants;
- the availability of, and costs associated with, sources of capital and liquidity;
- competition in our industry;
- technological changes, such as autonomous vehicles, reconfiguration of supply chains, robotics, 3D printing or other technologies;
- potential natural disasters, epidemics, pandemics or outbreak of infectious disease, such as COVID-19, and other potentially catastrophic events such as acts of war and/or terrorism; and
- the other risks, uncertainties and factors described in the reports and documents we file with the SEC including the risks, uncertainties and factors described in our Annual Report on Form 10-K for the year ended December 31, 2023 (the "Annual Report") under the caption "*Item 1A. Risk Factors*" for a discussion of certain factors which may cause actual results to differ materially from current.

## [Table of Contents](#)

In light of the factors referred to above, the future events discussed or incorporated by reference in this report and other documents we file with the SEC may not occur, and actual results, performance or achievements could differ materially from those anticipated or implied in the forward-looking statements. Given these uncertainties, you should not rely on any forward-looking statements.

Except as may be required under the United States federal securities laws, we undertake no obligation to publicly update our forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make in our reports that are filed with or furnished to the SEC.

### Challenges and Uncertainties Facing Certain Tenants and Properties

As more fully described in our Annual Report, and in particular, the sections thereof entitled “*Risk Factors*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, we face challenges due to the volatile economic environment, and certain of our properties and tenants (including The Vue Apartments, LA Fitness and Regal Cinemas) face various challenges. Our cash flow and profitability will be adversely impacted if the issues with respect to the challenged tenants/properties identified in the Annual Report are not resolved in a satisfactory manner. There have been no material changes to the status of such tenants/properties.

### Overview

We are a self-administered and self-managed real estate investment trust, or REIT. To qualify as a REIT, under the Internal Revenue Code of 1986, as amended, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of ordinary taxable income to our stockholders. We intend to comply with these requirements and to maintain our REIT status.

We acquire, own and manage a geographically diversified portfolio consisting primarily of industrial and, to a lesser extent, retail properties, many of which are subject to long-term net leases. As of March 31, 2024, we own 110 properties (including three properties owned by consolidated joint ventures and two properties owned by unconsolidated joint ventures) located in 31 states. Based on square footage, our occupancy rate at March 31, 2024 is approximately 98.4%.

We face a variety of risks and challenges in our business, including the possibility we will not be able to: acquire or dispose of properties on acceptable terms, lease our properties on terms favorable to us or at all, collect amounts owed to us by our tenants, renew or re-let, on acceptable terms, leases that are expiring or otherwise terminating.

We seek to manage the risk of our real property portfolio and the related financing arrangements by (i) diversifying among locations, tenants, scheduled lease expirations, mortgage maturities and lenders, and (ii) minimizing our exposure to interest rate fluctuations. Substantially all of our mortgage debt either bears interest at fixed rates or is subject to interest rate swaps, limiting our exposure to fluctuating interest rates on our outstanding mortgage debt.

We monitor the risk of tenant non-payments through a variety of approaches tailored to the applicable situation. Generally, based on our assessment of the credit risk posed by our tenants, we monitor a tenant’s financial condition through one or more of the following actions: reviewing tenant financial statements or other financial information, obtaining other tenant related information, changes in tenant payment patterns, regular contact with tenant’s representatives, tenant credit checks and regular management reviews of our tenants. We may sell a property if the tenant’s financial condition is unsatisfactory.

In acquiring and disposing of properties, among other things, we evaluate the terms of the leases, the credit of the existing tenants, the terms and conditions of the related financing arrangement (including any contemplated financing) and engage in a fundamental analysis of the real estate to be bought or sold. This fundamental analysis takes into account, among other things, the estimated value of the property, local demographics and the ability to re-rent or dispose of the property on favorable terms upon lease expiration or early termination. In addition, in evaluating property sales, we take into account, among other things, the property type (*i.e.*, industrial, retail or other), our perception of the property’s long-term prospects (including the likelihood for, and the extent of, any further appreciation or diminution in value), the term remaining on the related lease and mortgage debt, the price and other terms and conditions for the sale of such property and the returns anticipated to be generated from the reinvestment of the net proceeds to us from such property sale.

[Table of Contents](#)

Our 2024 contractual base rent is approximately \$70.2 million and represents, after giving effect to any abatements, concessions, deferrals or adjustments, the base rent payable to us during the year ending December 31, 2024 under leases in effect at March 31, 2024.

Included in such contractual rental income is an aggregate of \$1.6 million comprised of:

- \$1.3 million based on a negotiated but unsigned lease amendment from a tenant at our Brooklyn, New York office property, and
- \$325,000 representing the base rent payable by Dick's Sporting Goods (Champaign, Illinois) in the twelve months ending December 31, 2024, although such lease is subject to termination by the landlord or tenant upon 90 days' notice.

Excluded from such contractual rental income is an aggregate of \$2.5 million comprised of:

- \$1.3 million, subject to the property generating specified levels of positive operating cash flow, of estimated variable lease payments from The Vue, a multi-family complex which ground leases the underlying land from us and as to which there is uncertainty as to when and whether the tenant will resume paying rent,
- an aggregate of \$995,000 representing the base rent payable from three properties which were or will be sold in May 2024 and June 2024 (*i.e.*, \$220,000 from Applebee's in Kennesaw, Georgia, \$215,000 from FedEx in Miamisburg, OH, and \$560,000 from Haverty's in Wichita, Kansas), and
- \$235,000 representing our share of the base rent payable to our joint ventures.

The following table sets forth scheduled expirations of leases at our properties as of March 31, 2024 for the years indicated below:

Year of Lease Expiration (a)	Number of Expiring Leases	Approximate Square Footage Subject to Expiring Leases (b)	2024 Contractual Rental Income Under Expiring Leases	Percentage of 2024 Contractual Rental Income Represented by Expiring Leases

Property Transaction During the Three Months Ended March 31, 2024

On March 6, 2024, a consolidated joint venture, in which we hold a 90% interest, sold a restaurant parcel at its multi-tenant shopping center in Lakewood, Colorado for a gross sales price of \$2.9 million and recognized a gain of \$1.8 million from this sale. The non-controlling interest's share of the gain was \$178,000. In connection with the sale, we recognized a \$250,000 lease termination fee from the former tenant.

Property Transactions Subsequent to March 31, 2024

**Acquisition**

On April 24, 2024, we acquired a 63,421 square foot industrial property located in Albuquerque, New Mexico for \$6.5 million. The property is leased by a single tenant whose current base rent is \$431,000 with 1.5% annual increases.

**Sales and Contemplated Sales**

During May 2024 and June 2024, we have sold and will sell the following properties:

<u>Description of Property</u>	<u>City, State</u>	<u>Date Sold/ Estimated Sale</u>	<u>Gross Sales Price</u>	<u>Estimated Gain on Sale</u>	<u>2023 Rental Income, net</u>	<u>2023 Depreciation &amp; Amortization Expense</u>

(b) Represents rental income from properties sold since January 1, 2023.

(c) Represents rental income from 107 properties that were owned for the entirety of the periods presented.

Changes at same store properties

The decrease in same store rental income during the three ended March 31, 2024 is due primarily to decreases of:

- \$498,000 from our two Regal Cinemas properties due to lease amendments effectuated in connection with its 2023 bankruptcy reorganization, and
- \$143,000 from Bed Bath & Beyond in Kennesaw, Georgia which filed for bankruptcy in 2023.

The decrease was offset during the three months ended March 31, 2024 by increases in rental income of:

- \$300,000 in tenant reimbursements, of which \$180,000 relates to real estate taxes and \$120,000 relates to operating expenses generally incurred in the same period, and
- \$265,000 from various lease amendments and extensions at our properties.

*Lease Termination Fee*

In March 2024, a consolidated joint venture in Lakewood, Colorado, in which we hold a 90% interest, received a lease termination fee of \$250,000 from a tenant due to the early termination of its lease in connection with the sale of the related restaurant parcel.

Total operating expenses	<u>\$ 14,477</u>	<u>\$ 14,376</u>	<u>\$ 101</u>	<u>.7</u>

*Depreciation and amortization.* The decrease in the three months ended March 31, 2024 is due primarily to (i) decreases of \$356,000, related to tenant origination costs at several properties that prior to March 31, 2024 were fully amortized, and (ii) the inclusion in the corresponding 2023 period of \$160,000 of such expense from the properties sold since January 1, 2023.

The decrease was offset by (i) \$220,000 of such expense from a property acquired in 2023, and (ii) \$132,000 of depreciation from improvements at several properties.

*General and administrative.* The decrease in the three months ended March 31, 2024 is due primarily to a \$92,000 net decrease in professional fees incurred in the corresponding 2023 period.

*Real estate expenses.* The increase in the three months ended March 31, 2024 is due primarily to:

- \$168,000 relating to real estate tax expense (primarily related to our Bolingbrook, Illinois property), and
- \$116,000 from a property acquired in 2023.

A substantial portion of real estate expenses is rebilled to tenants and is included in Rental income, net, on the consolidated statements of income.

*Gain on sale of real estate, net.*

The following table compares gain on sale of real estate, net, for the periods indicated:

<b>(Dollars in thousands)</b>	<b>Three Months Ended</b>		<b>Increase (Decrease)</b>	<b>% Change</b>

	<b>2024</b>	<b>2023</b>		
Gain on sale of real estate, net	\$ 1,784	\$ 1,534	\$ 250	16.3

The \$1.8 million gain in the 2024 period was realized from the sale of a restaurant parcel at our Lakewood, Colorado multi-tenant shopping center which is owned through a consolidated joint venture in which we have a 90% interest. The non-controlling interest's share of this gain was \$178,000.

The \$1.5 million gain in the 2023 period was realized from the sale of our Hauppauge, New York restaurant property.

Amortization and write-off of deferred financing costs	(226)	(202)	24	11.9

*Other Income.* The increase in the three months ended March 31, 2024 is due primarily to a \$192,000 increase in interest income from investments in short-term U.S. treasury bills.

*Interest expense.* The following table compares interest expense for the periods indicated:

(Dollars in thousands)	Three Months Ended March 31,		Increase (Decrease)	% Change
	2024	2023		
Interest expense:				
Mortgage interest	\$ 4,654	\$ 4,240	\$ 414	9.8
Credit line interest	63	360	(297)	(82.5)
Total	\$ 4,717	\$ 4,600	\$ 117	2.5

Mortgage interest

The following table reflects the average interest rate on the average principal amount of outstanding mortgage debt for the periods indicated:

(Dollars in thousands)	Three Months Ended March 31,		Increase (Decrease)	% Change
	2024	2023		
Weighted average principal amount	\$ 423,422	\$ 410,021	\$ 13,401	3.3
Weighted average interest rate	4.36 %	4.11 %	0.25 %	6.2

The increase in mortgage interest in the three months ended March 31, 2024 is due primarily to the increase in the average principal amount of mortgage debt outstanding as a result of financings and refinancings, offset by mortgage payoffs (generally in connection with scheduled maturities) and scheduled amortization payments.

Credit line interest

The decrease is due to the elimination of the principal balance outstanding on the credit facility. The \$63,000 of interest expense constitutes the unused facility fee.

As of March 31, 2023, the weighted average interest rate was 6.23% and the weighted average principal amount outstanding was \$20.2 million.

Liquidity and Capital Resources

Our sources of liquidity and capital include cash flow from operations, cash and cash equivalents, borrowings under our credit facility, refinancing existing mortgage loans, obtaining mortgage loans secured by our unencumbered properties, issuance of our equity securities and property sales. Our available liquidity at May 1, 2024, was \$115.1 million, including \$15.1 million of cash and cash equivalents (including the credit facility's required minimum \$3.0 million average deposit maintenance balance) and up to \$100.0 million available under our credit facility. At May 1, 2024, the facility is available for the acquisition of commercial real estate, repayment of mortgage debt, and up to \$40.0 million for renovation and operating expense purposes.

*Liquidity and Financing*

We expect to meet our short-term (*i.e.*, one year or less) and long-term (i) operating cash requirements, including debt service, anticipated dividend payments and repurchases of our common stock, principally from cash flow from operations, our available cash and cash equivalents, proceeds from and, to the extent permitted and needed, our credit facility and (ii) investing and financing cash requirements (including an estimated aggregate of \$2.8 million of capital expenditures) from the foregoing, as well as property financings and refinancings, property sales and sales of our common stock.

At March 31, 2024, we had 67 outstanding mortgages payable secured by 68 properties in the aggregate principal amount of \$421.0 million (before netting unamortized deferred financing costs of \$3.7 million and mortgage intangibles of \$770,000). These mortgages represent first liens on individual real estate investments with an aggregate carrying value of \$668.0 million, before accumulated depreciation of \$130.4 million. After giving effect to interest rate swap agreements, the mortgage payments bear interest at fixed rates ranging from 3.05% to 8.32% (a 4.41% weighted average interest rate) and mature between 2024 and 2047 (a 6.3 year weighted average remaining term to maturity).

The following table sets forth, as of March 31, 2024, information with respect to our mortgage debt that is payable during the nine months ending December 31, 2024 and for each of the subsequent twelve months through December 31, 2027:

<b>(Dollars in thousands)</b>	<b>2024</b>	<b>2025</b>	<b>2026</b>	<b>2027</b>	<b>Total</b>
Amortization payments	\$ 8,954	\$ 10,908	\$ 10,865	\$ 9,797	\$ 40,524
Principal due at maturity	25,309	29,157	19,179	38,525	112,170
Total	<u>\$ 34,263</u>	<u>\$ 40,065</u>	<u>\$ 30,044</u>	<u>\$ 48,322</u>	<u>\$ 152,694</u>
Weighted average interest rate % on principal due at maturity	4.74 %	4.34 %	3.88 %	3.64 %	4.11 %

We intend to make debt amortization payments from operating cash flow and, though no assurance can be given that we will be successful in this regard, generally intend to refinance, extend or pay off the mortgage loans which mature in 2024 through 2027. In particular, we anticipate refinancing a substantial portion of the debt maturing in 2024 and 2025 although given the significant increase in interest rates over the past year, we can provide no assurance that we will be able to do so on terms as favorable as those currently in effect or at all. We generally intend to repay the amounts not refinanced or extended from our existing funds and sources of funds, including our available cash, proceeds from the sale of our common stock and our credit facility (to the extent available).

We continually seek to refinance existing mortgage loans on terms we deem acceptable to generate additional liquidity. Additionally, in the normal course of our business, we sell properties when we determine that it is in our best interests, which also generates additional liquidity. Further, although we have done so infrequently and primarily in the context of a tenant default at a property for which we have not found a replacement tenant, if we believe we have negative equity in a property subject to a non-recourse mortgage loan, we may convey such property to the mortgagee to terminate our mortgage obligations, including payment of interest, principal and real estate taxes, with respect to such property.

Typically, we utilize funds from our credit facility to acquire a property and, thereafter secure long-term, fixed rate mortgage debt on such property. We apply the proceeds from the mortgage loan to repay borrowings under the credit facility, thus providing us with the ability to re-borrow under the credit facility for the acquisition of additional properties.

*Credit Facility*

Our credit facility provides that subject to borrowing base requirements, we can borrow up to \$100.0 million for the acquisition of commercial real estate, repayment of mortgage debt, and renovation and operating expense purposes; provided, that if used for renovation and operating expense purposes, the amount outstanding for such purposes will not exceed the lesser of \$40.0 million and 40% of the borrowing base. The facility matures December 31, 2026 and bears interest equal to 30-day SOFR plus the applicable margin. The applicable margin ranges from 175 basis points if our ratio of total debt to total value (as calculated pursuant to the facility) is equal to or less than 50%, increasing to a maximum of 275 basis points if such ratio is greater than 60%. The applicable margin was 175 basis points for each of the three months ended March 31, 2024 and 2023. There is an unused facility fee of 0.25% per annum on the difference between the outstanding loan balance and \$100.0 million. The credit facility requires the maintenance of \$3.0 million in average deposit balances. The interest rate on the facility was 7.08% and 7.06% at March 31, 2024 and May 1, 2024, respectively.

The terms of our credit facility include certain restrictions and covenants which may limit, among other things, the incurrence of liens, and which require compliance with financial ratios relating to, among other things, the minimum amount of tangible net worth, the minimum amount of debt service coverage, the minimum amount of fixed charge coverage, the maximum amount of debt to value, the minimum level of net income, certain investment limitations and the minimum value of unencumbered properties and the number of such properties. Net proceeds received from the sale, financing or refinancing of properties are generally required to be used to repay amounts outstanding under our credit facility. At March 31, 2024, we were in compliance with the covenants under this facility.

*Other Financing Sources and Arrangements*

We own a land parcel located in Beachwood, Ohio which is improved by a multi-family complex (*i.e.*, The Vue Apartments) that we ground lease to the owner/operator of such complex. This ground lease did not generate any rental income during the three months ended March 31, 2024 and 2023. At March 31, 2024, the carrying value of the land on our balance sheet was approximately \$17.3 million; our leasehold position is subordinate to \$63.2 million of mortgage debt incurred by our tenant, the owner/operator of the multi-family complex. In addition, we have agreed, in our discretion, to fund certain capital expenditures and operating cash flow shortfalls at this property. We do not believe that this type of off-balance sheet arrangement has been or will be material to our liquidity and capital resource positions, except to the extent we determine to continue to fund the capital expenditures required by, and the operating cash flow shortfalls at, this property. See Note 5 to our consolidated financial statements for additional information regarding this arrangement.

*Application of Critical Accounting Estimates*

A complete discussion of our critical accounting estimates is included in our Annual Report. There have been no changes in such estimates.

*Funds from Operations and Adjusted Funds from Operations*

We compute funds from operations, or FFO, in accordance with the “White Paper on Funds From Operations” issued by the National Association of Real Estate Investment Trusts (“NAREIT”) and NAREIT’s related guidance. FFO is defined in the White Paper as net income (calculated in accordance with GAAP), excluding depreciation and amortization related to real estate, gains and losses from the sale of certain real estate assets, gains and losses from change in control, impairment write-downs of certain real estate assets and investments in entities where the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. In computing FFO, we do not add back to net income the amortization of costs in connection with our financing activities or depreciation of non-real estate assets.

We compute adjusted funds from operations, or AFFO, by adjusting from FFO for straight-line rent accruals and amortization of lease intangibles, deducting from income additional rent from ground lease tenant, income on settlement of litigation, income on insurance recoveries from casualties, lease termination and assignment fees, and adding back amortization of restricted stock and restricted stock unit compensation expense, amortization of costs in connection with our financing activities (including our share of our unconsolidated joint ventures), debt prepayment costs and amortization of lease incentives and mortgage intangible assets. Since the NAREIT White Paper does not provide guidelines for computing AFFO, the computation of AFFO varies from one REIT to another.

We believe that FFO and AFFO are useful and standard supplemental measures of the operating performance for equity REITs and are used frequently by securities analysts, investors and other interested parties in evaluating equity REITs, many of which present FFO and AFFO when reporting their operating results. FFO and AFFO are intended to exclude GAAP historical cost depreciation and amortization of real estate assets, which assumes that the value of real estate assets diminish predictability over time. In fact, real estate values have historically risen and fallen with market conditions. As a result, we believe that FFO and AFFO provide a performance measure that when compared year over year, should reflect the impact to operations from trends in occupancy rates, rental rates, operating costs, interest costs and other matters without the inclusion of depreciation and amortization, providing a perspective that may not be necessarily apparent from net income. We also consider FFO and AFFO to be useful to us in evaluating potential property acquisitions.

FFO and AFFO do not represent net income or cash flows from operations as defined by GAAP. FFO and AFFO and should not be considered to be an alternative to net income as a reliable measure of our operating performance; nor should FFO and AFFO be considered an alternative to cash flows from operating, investing or financing activities (as defined by GAAP) as measures of liquidity. FFO and AFFO do not measure whether cash flow is sufficient to fund all of our cash needs, including principal amortization, capital improvements and distributions to stockholders.

Management recognizes that there are limitations in the use of FFO and AFFO. In evaluating our performance, management is careful to examine GAAP measures such as net income and cash flows from operating, investing and financing activities.

Three Months Ended March 31, 2024 and 2023

The \$554,000, or 5.5%, decrease in FFO for the three months ended March 31, 2024 from the corresponding 2023 period is due primarily to:

- a \$506,000 decrease in rental income, net,
- a \$346,000 increase in real estate operating expenses,
- a \$160,000 decrease in equity in earnings from our unconsolidated joint ventures, and
- a \$117,000 increase in interest expense.

Offsetting the decrease is:

- a \$252,000 increase in other income,
- a \$250,000 lease termination fee income, and
- a \$116,000 decrease in general and administrative expenses.

The \$593,000, or 5.5%, decrease in AFFO for the three months ended March 31, 2024 from the corresponding 2023 period is due to the factors impacting FFO as described immediately above, excluding the (i) \$250,000 lease termination fee income and (ii) a \$232,000 increase in rental income, net, due to the exclusion of the amortization of straight line rent and lease-related intangibles.

See “—*Results of Operations*” for further information regarding these changes.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Our primary market risk exposure is the effect of changes in interest rates on the interest cost of draws on our revolving variable rate credit facility and the effect of changes in the fair value of our interest rate swap agreements. Interest rates are highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control.

We use interest rate swaps to limit interest rate risk on substantially all variable rate mortgages. These swaps are used for hedging purposes - not for speculation. We do not enter into interest rate swaps for trading purposes. At March 31, 2024, we had no liability in the event of the early termination of our swaps.

At March 31, 2024, we had 12 interest rate swap agreements outstanding. The fair market value of the interest rate swaps is dependent upon existing market interest rates and swap spreads, which change over time. As of March 31, 2024, if there had been an increase of 100 basis points in forward interest rates, the fair market value of the interest rate swaps and the net unrealized gain on derivative instruments would have increased by \$243,000. If there were a decrease of 100 basis points in forward interest rates, the fair market value of the interest rate swaps and the net unrealized gain on derivative instruments would have decreased by \$247,000. These changes would not have any impact on our net income or cash.

Our variable mortgage debt, after giving effect to the interest rate swap agreements, primarily bears interest at fixed rates and accordingly, the effect of changes in interest rates would not impact the interest expense we incur under these mortgages.

The fair market value of our long-term debt is estimated based on discounting future cash flows at interest rates that our management believes reflect the risks associated with long-term debt of similar risk and duration.

**Item 4. Controls and Procedures**

Based on their evaluation as of the end of the period covered by this report, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) are effective.

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) promulgated under the Exchange Act) during the three months ended March 31, 2024 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 5. Other Information**

None of our officers or directors had any contract, instruction, or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any "non-Rule 10b5-1 trading arrangement" in effect at any time during the three months ended March 31, 2024.
